Award Date	10/29/2009		
Award Description	This program will create capacity on Staff to engage in electricity system modernization in the long-term and allow for regulatory support in the transformation of the electric grid, in coordination with other agencies in Delaware and other states in our region. It will facilitate timely consideration by the PSC of dockets, notices of inquiry, integrated resource plans, and other regulatory actions pertaining to the listed electricity-related topical areas. It will create two (2) new full-time jobs for limited term of service for one administrative electricity specialist and one entry level electricity specialist. Two full-time or a combination of full- and part-time advanced electricity specialists will be retained on a contractual basis

for terms of one to three years. Staff has found in the past that the labor pool with the necessary specialized knowledge and education for these advance positions is very limited in Delaware. Six PSC Staff and the two new electricity specialists will receive training in key emerging areas that will give regulators the information needed for effective regulatory decision-making and streamline regulatory approval in modernizing and ensuring a reliable and affordable electric system. Additional equipment such as computers, scanner, and copier will be purchased that will allow the inflow and outflow of the documents associated with the ARRA-related dockets to be handled expeditiously.

Project Information

Project Name or Project/ Program Title	State Assistance on Electricity Policies	Activity Codes (NAICS or NTEE-NPC) (up to 10)
Quarterly Activities/ Project Description	The ARRA funds have enabled us to hire one (1) new full-time job for a limited term of service for an administrative electricity specialist and we have also hired one (1) limited term entry level electricity specialist who is currently working part-time. Both new employees are doing regulatory support to assist and facilitate the timely consideration of ARRA related electricity inquiries and dockets. We have been able to purchase two new computers and one scanner. The additional equipment has allowed the inflow and outflow of the documents associated with the ARRA-related dockets to be handled expeditiously. Five PSC employees have received new training in various ARRA related fields that will help give regulators the	<p>Activity Code 1 Z99 - NTEE</p> <p>Activity Code 2</p> <p>Activity Code 3</p> <p>Activity Code 4</p> <p>Activity Code 5</p> <p>Activity Code 6</p> <p>Activity Code 7</p> <p>Activity Code 8</p> <p>Activity Code 9</p> <p>Activity Code 10</p>

	information needed for effective regulatory decision-making. Currently either as a docket or in workshops the PSC is working on the following ARRA related matters: A combined Electricity Distribution Base Rate and an Electricity Revenue Decoupling Case, Advanced Metering, Dynamic Pricing and an Integrated Resouce Plan.
Project Status	Less than 50% completed
Total Federal Amount ARRA Funds Received/ Invoiced	31500.00
Number of Jobs	1.01
Description of Jobs Created	During the quarter the ARRA funds enabled us to hire one (1) new full-time job for limited term of service for an administrative electricity specialist and we have also hired one (1) limited term entry level electricity specialist who is currently part-time. Both of our new employees are doing regulatory support to assist and facilitate the timely consideration of ARRA related electricity inquiries and dockets. We arrived at the "number of jobs" created by taking the total combined hours worked during the quarter for both employees and divided that number by the quarterly work hours for a full time work schedule.
Total Federal Amount of ARRA Expenditure	14885.83
Total Federal ARRA Infrastructure Expenditure	0.00
Infrastructure Purpose and Rationale
